INVESTOR PRESENTATION · NOVEMBER 2026

Heart of Lamu

A master-planned island and coastline destination on Kenya's Swahili coast

[Sponsor name] · Lamu · Mombasa · Kenya

THE OPPORTUNITY

Kenya tourism is at a record high

7.9M

travellers in 2025

2.7M international visitors and 5.2M domestic tourists

500B

KSh in tourism earnings, 2025

Up 10% on 2024, about US$3.8 billion

9%

growth in international arrivals

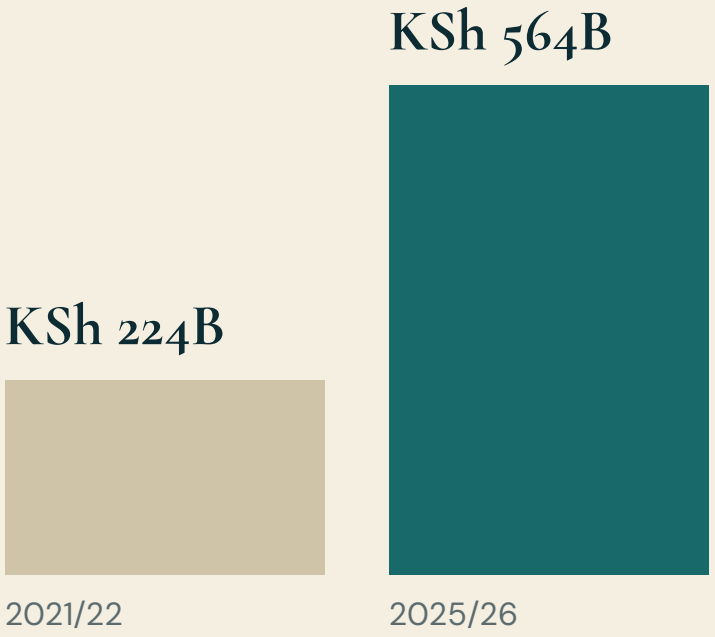

More than double the global average of about 4%

Heart of Lamu is designed to capture this demand on the Swahili coast.

THE COAST

The Coast powers Kenya's tourism

100B+

KSh earned by the Coast every year

Sustaining hundreds of thousands of jobs

~50%

of tourism's GDP share comes from the Coast

Tourism is about 10% of national GDP

3

coastal ports on the cruise circuit

Mombasa, Lamu and Shimoni, led by the Kenya Ports Authority

Mombasa is the established gateway. Lamu is the next destination.

THE LOCATION

Lamu's infrastructure is moving

Asset	Status	Why it matters
Lamu Port	Commissioned as the first component of the LAPSSET corridor	Cargo hub and a new gateway to the archipelago
Manda Airport	New terminal open; runway expansion to about 2 km under way	Scheduled air access, completed by a short boat transfer
International airport	Planned for Lamu by 2030	Charter and long-haul access once built
Cruise calls	Kenya Ports Authority is positioning Lamu as a port of call	Day visitors and yacht traffic for the destination

Sources: Kenya News Agency; Nation (Manda Airport, Lamu Port); The Standard (cruise, Apr 2026)

THE CONCEPT

A destination, not just a resort

Heart of Lamu is a master-planned collection of themed island and shoreline districts on the Lamu archipelago: residences, boutique hotels, a marina and curated Swahili-coast experiences, reached from Manda Airport by sea.

01

Residences

Beachfront and over-water villas, sold as second homes with managed rental

02

Hospitality

Boutique hotels run with international operators

03

Marina and sea access

Berths, water taxis and yacht services linking every district

04

Culture and experiences

Dhow sailing, Swahili cuisine, craft and heritage programming

THE MASTERPLAN

Four themed districts

Dhow Harbour

Marina, waterfront dining and the sea gateway for arriving guests

[__] berths · [__] m² of retail and dining

Swahili Quarter

Heritage-inspired boutique hotels, a craft market and cultural programming

[__] hotel keys

Lagoon Villas

Over-water and beachfront villas with managed rental

[__] villas · [__] m² average

Garden Island

Family residences, wellness and botanical gardens

[__] residences

Illustrative districts: names, programme and unit counts to be confirmed.

BUSINESS MODEL

Four revenue streams

Stream	How it earns	Timing
Residence sales	Off-plan and completed villa sales, mainly to second-home buyers	From Phase 1
Hotel operations	Management or lease agreements with branded operators	From hotel opening
Marina and experiences	Berth leases, charters, water taxis and curated experiences	From marina opening
Managed rental	Rental programme for owner villas with a revenue share	After handover

Mix and pricing to be confirmed in the financial model.

DELIVERY

Phased delivery

0

Approvals and design

Title checks, environmental assessment, approvals and masterplan

[Year __]

1

Marina and first villas

Dhow Harbour, marine works and the first Lagoon Villas for pre-sale

[Year __]

2

Hotels and Swahili Quarter

Boutique hotels, craft market and experiences open to guests

[Year __]

3

Full build-out

Garden Island, remaining residences and managed rental

[Year __]

Timing to align with public infrastructure delivery; dates to be confirmed.

FINANCIAL SUMMARY

The numbers at a glance

Metric	Value
Total development cost	[US$ __M]
Phase 1 capital requirement	[US$ __M]
Stabilised annual revenue	[US$ __M]
Operating margin at stabilisation	[__%]
Target equity IRR	[__%]
Investment horizon and exit	[__ years]

ASSUMPTIONS TO CONFIRM

- Occupancy and daily rate
- Villa price and sales pace
- Construction and marine costs
- Rental yield and revenue share
- Financing terms and currency

Placeholders: figures to be completed from the project financial model.

RESPONSIBLE DEVELOPMENT

Built around Lamu's heritage and ecosystems

Lamu Old Town is a UNESCO World Heritage Site, and the archipelago's reefs and mangroves are part of what visitors come for. They are the asset, so the design works around them.

Heritage-led design

Swahili-inspired design, scaled to its setting

Local jobs and suppliers

Local hiring, training and procurement first

Marine and mangrove protection

Protection zones set by the environmental assessment

Clean energy and water

Solar power and managed water and waste [to confirm]

RISKS

Key risks and how we manage them

Risk	How we manage it
Land and approvals	Independent title verification, with all permits secured before capital is deployed
Environment	Environmental assessment first, and a design that protects reefs and mangroves
Community	Early engagement, local hiring and shared-benefit commitments
Access and seasonality	Boat transfers from Manda, which operates in daylight only today, and phased spending to match demand

THE ASK

The investment opportunity

[US$ __M]

to fund approvals and Phase 1

Structure under discussion: [equity, co-investment or villa pre-sales]

Use of funds	Share
Land and approvals	[__%]
Marine works and marina	[__%]
Phase 1 construction	[__%]
Infrastructure and utilities	[__%]
Marketing and sales	[__%]
Contingency	[__%]

Placeholders: amount, structure and allocation to be confirmed.

NEXT STEPS

Let’s build Heart of Lamu

01

Intro call and data room access

02

Site visit to Lamu and Mombasa

03

Term sheet and due diligence
